

Конференция EMN в Санкт-Петербурге

The [EMN St. Petersburg conference](#) will aim to be a unique platform for leading scientists, researchers, scholars and engineers from academia, R&D laboratories and industry around the world and will continue to promote discussions and information exchange across the frontiers of optoelectronics science and technology.

St. Petersburg has a true wealth of attractions and experiences to offer travelers, from spectacular Imperial palaces to quirky and absorbing museums, from boat trips along the city's majestic rivers and canals to walks in the footsteps of St. Petersburg's literary and artistic greats. The meeting will be a few days of intense collaboration with great social occasions. It will not only be a time to enjoy the company of fellow researchers in the field, but also a time to have fun with friends and family!
